Community Infrastructure Project 1	
Project name and location: Christmas Lights Column Infrastructure (x8)	
Brief description of works undertaken: Replacement of existing power outlets on eight lighting columns due to water ingress caused by deteriorated rubber seals. New weatherproof outlets to be installed to ensure safe and reliable operation of the Christmas lighting infrastructure.	
Date Project Completed: August 2025	
Has the project been successful? How? . Yes, the project has been successful. The replacement power outlets have improved the reliability of the Christmas lights infrastructure by preventing water ingress and reducing the risk of power failures. This helps ensure the Christmas lights remain operational throughout the festive period and contributes to public safety and security within the community.	
Total Project Costs:	£1200.00
Summary of matched funding secured:	£
Amount of CIL expenditure committed:	£1200.00
